

06 — API Reference

Global prefix: `/api` · Auth: Bearer JWT in `Authorization` header · Format: JSON · Currency: AED · Errors: see [Error contract](#)

Live Swagger UI: <https://backend-qlyb5greec2io.whiteriver-ae956411.eastus2.azurecontainerapps.io/api/docs> (subject to `SWAGGER_ENABLED`).

The most exhaustive examples remain in [BACKEND_API_DOCUMENTATION.md](#). This page is the **catalogue** organised by controller.

Conventions

-  = public ·  = JWT required ·  = role required (`ADMIN` or `SUPER_ADMIN`)
-  = throttled (defaults: 60/min; `/auth/*` is 5/15 min)

1. Auth — `/api/auth` (controller: `auth/auth.controller.ts`)

Method	Path	Access	Purpose
POST	<code>/register</code>	 	Create customer account
POST	<code>/login</code>	 	Returns <code>{ user, tokens: { accessToken, refreshToken } }</code>
POST	<code>/refresh</code>	 	Rotate token pair
POST	<code>/logout</code>	 	Revoke a refresh token
POST	<code>/forgot-password</code>	 	Send reset email
POST	<code>/reset-password</code>	 	Consume reset token
POST	<code>/verify-email</code>	 	Consume verification token
GET	<code>/me</code>		Current user from JWT

2. Account — `/api/account` (`users/users.controller.ts`)

Method	Path	Access
GET / PATCH / DELETE	<code>/me</code>	

Method	Path	Access
GET / POST	/addresses	
GET / PATCH / DELETE	/addresses/:id	
POST	/addresses/:id/default	
GET / POST	/saved-cards	
DELETE	/saved-cards/:id	
GET	/loyalty/wallet	
GET	/loyalty/transactions	

3. Catalog — /api/catalog (catalog/catalog.controller.ts)

Method	Path	Access	Purpose
GET	/home		Home page payload (cached)
GET	/landing/:slug		Landing page payload
GET	/category/:slug		Category landing payload
GET	/search		Combined search (products + brands + cats)

4. Products — /api/products (& admin)

Public: | GET | /api/products | | List with filters/sort/page | | GET | /api/products/:idOrSlug | | Detail incl. variants | | GET | /api/products/:id/related | | Related (same category/brand) |

Admin (/api/admin/products , role ADMIN): | GET / POST | / | | | GET / PATCH / DELETE | /:id | | | POST | /:id/restore | | | POST | /:id/images | (multipart) | | PATCH | /:id/images/reorder | |

Variant groups: | ANY | /api/admin/product-groups | | CRUD groups + axes |

5. Categories / Subcategories / Brands / Designers / Countries

- /api/categories — public list/detail; admin CRUD at /api/admin/categories .
- /api/subcategories — public list/detail; admin CRUD.
- /api/brands — public list/detail; admin CRUD at /api/admin/brands .
- /api/designers — public list/detail; admin CRUD.
- /api/countries — read only.

6. Cart — `/api/cart`

Method	Path	Access
GET	<code>/</code>	 (guest cookie) / 
POST	<code>/items</code>	as above
PATCH	<code>/items/:id</code>	as above
DELETE	<code>/items/:id</code>	as above
DELETE	<code>/</code>	clear
POST/DELETE	<code>/promo</code>	apply/remove promo
POST/DELETE	<code>/loyalty</code>	set/clear redemption

Returns full computed totals on every call.

7. Favorites — `/api/favorites`

| GET | `/` |  | List || POST | `/` |  | { productId } || DELETE | `/:productId` |  | Remove |

8. Orders — `/api/orders` (& admin `/api/admin/orders`)

| GET | `/api/orders` |  | Mine (paged) || POST | `/api/orders` |  | Create from current cart ||
GET | `/api/orders/:id` |  | Detail || GET | `/api/orders/:id/invoice` |  | PDF invoice || GET |
`/api/admin/orders` |  | List w/ filters || PATCH | `/api/admin/orders/:id/status` |  | Move
state || POST | `/api/admin/orders/:id/refund` |  | Refund (no return) |

9. Returns — `/api/returns` (& admin)

Customer: | GET | `/api/returns` |  | Mine || POST | `/api/returns` |  | Request || GET |
`/api/returns/:id` |  | Detail || POST | `/api/returns/:id/cancel` |  | Cancel while
REQUESTED |

Admin: | GET | `/api/admin/returns` |  || PATCH | `/api/admin/returns/:id/status` |  || POST |
`/api/admin/returns/:id/complete` |  (refund) |

10. Payments

Stripe (stripe/): | POST | `/api/stripe/create-payment-intent` |  | { orderId } → {
clientSecret } || POST | `/api/stripe/webhook` |  (signature) |

Tabby & Tamara mirror the pattern under `/api/tabby/*` and `/api/tamara/*` (BNPL module: `bnpl/`).

11. Promos — `/api/promo-codes` (& admin)

| GET | `/api/promo-codes/:code/validate` | 🔒 | Validate without redeem | | ANY |
`/api/admin/promo-codes` | 🔓 | CRUD |

12. Bulk-orders — `/api/bulk-orders`

| POST | `/` | 🔒 | Submit RFQ | | GET | `/api/admin/bulk-orders` | 🔓 | Queue | | PATCH |
`/api/admin/bulk-orders/:id` | 🔓 | Status / notes |

13. CMS / content surfaces

Public read at `/api/content/*`: | GET | `/home` | 🔒 | Assembled home payload | | GET | `/category-landing/:slug` | 🔒 | | GET | `/landing/:slug` | 🔒 | | GET | `/banners` | 🔒 (filter by placement) | | GET | `/announcements` | 🔒 |

Admin write under `/api/admin/{banners,landing-pages,home-page,category-landing,navigation,collections,announcements}`.

Other public reads: `/api/navigation`, `/api/announcements`, `/api/collections/:slug`.

14. Media — `/api/media`

| POST | `/upload` | 🔓 (multipart) | | GET | `/:id` | 🔒 (signed-ish URL) | | GET | `/library` | 🔓 (paged) | | DELETE | `/:id` | 🔓 (soft delete) |

15. Settings — `/api/settings`

| GET | `/:group/:key` | 🔒 | | GET | `/:group` | 🔒 | | PUT | `/:group/:key` | 🔓 |

16. Admin

- `/api/admin/customers` — list / detail / soft delete (used by smoke cleanup).
- `/api/admin/reports/*` — sales-summary, revenue-period, top-products, low-stock, customers-ltv, orders-by-status.
- `/api/admin/seed-images` — dev-only utility.

17. Stock — `/api/admin/stock`

| GET | `/movements` |  || POST | `/adjust` |  || GET | `/low` |  |

18. Health & misc

- GET `/api/health` and GET `/api/health/ready` — Terminus health.
- GET `/api/debug/*` — dev-only diagnostic endpoints (gate via env).
- GET `/api/docs` — Swagger UI (when enabled).

19. Sample payloads

Login response

```
{
  "user": {
    "id": "uuid",
    "email": "admin@solo-ecommerce.com",
    "role": "SUPER_ADMIN",
    "firstName": "Solo",
    "lastName": "Admin"
  },
  "tokens": {
    "accessToken": "eyJ...",
    "refreshToken": "rt_..."
  }
}
```

Create order request

```
{
  "shippingAddressId": "addr_uuid",
  "billingAddressId": null,
  "shippingMethod": "STANDARD",
  "paymentMethod": "CREDIT_CARD",
  "promoCode": "WELCOME10",
  "loyaltyAed": 25.00
}
```

Order response (truncated)

```
{
  "id": "ord_uuid",
  "orderNumber": "SOL-100023",
  "status": "PAYMENT_PENDING",
  "paymentStatus": "PENDING",
  "subtotalExclVat": 200.00,
  "vatAmount": 10.00,
  "vatRateSnapshot": 0.05,
  "shippingExclVat": 25.00,
  "shippingVat": 1.25,
  "discountExclVat": 20.00,
  "loyaltyRedeemAed": 25.00,
  "loyaltyEarnAed": 2.00,
  "totalInclVat": 191.25,
  "items": [{ "productId": 1, "sku": "SKU-1", "quantity": 2, "lineTotalInclVat": 105.00 }
}
```
